## SECTION 1. INTRODUCTION

The City of Sherman has designed this community-wide Citizen Participation Plan to provide for and encourage citizen participation in the Community Development Block Grant (CDBG) program. This Plan is an essential element of the City of Sherman's present and future community development process and has been developed to comply with the regulations and requirements of the CDBG program as administered by the Department of Housing and Urban Development (HUD). This Plan supersedes all other Citizen Participation Plans.

The primary goal of this Citizen Participation Plan is to provide all citizens of the community with adequate opportunity to participate in an advisory role in the planning, implementation, and assessment of the City's CDBG program(s). The Plan sets forth policies and procedures for citizen participation, which are designed to maximize the opportunity for citizen participation in the community development process. Special emphasis has been placed on encouraging participation by persons of low and moderate incomes, residents of blighted neighborhoods, and residents of areas where community development funds are utilized.

Citizens are encouraged to participate in all phases of the CDBG program(s) and will be provided full access to program information. However, final responsibility and authority for the development and implementation of CDBG program(s) will lie with the City Council.

- b. changes and/or amendments to approved CDBG projects; and,
- c. assessment of CDBG program performance.

All phases of the community development process will be conducted by local officials in an open manner. Citizens of the City of Sherman are encouraged to participate at all levels and will be given access to program information during each phase of any CDBG program as outlined herein.

## SECTION 5. PUBLIC HEARINGS

Citizen participation in the community development process will be conducted on a community-wide basis and will actively involve the views and proposals of all citizens, especially low and moderate income persons and residents of areas where CDBG activities are proposed or on-going.

Public hearings will be held during all phases of the community development process, as outlined herein, to allow citizens to voice opinions and offer proposals concerning the development and performance of CDBG programs. Local officials will respond to questions and proposals from citizens at each public hearing. Any questions that citizens may have concerning a program will be answered and their comments, suggestions, and/or proposals will be received. Citizens may also express comments and views concerning the community development process or any specific CDBG project to the governing body at any regularly scheduled meeting.

### 5.1 Public Hearing Times and Locations

All public hearings will be held at times and locations which will be accessible to all citizens, especially persons of low and moderate incomes, and residents of blighted neighborhoods and CDBG project areas.

Public hearings will be scheduled for convenient times as determined by the City Council. Public hearings may be held at any site which, in the opinion of the City provides adequate access for citizen participation.

Hearings will normally be held at the Sherman City Hall Building located at 220 W. Mulberry. This site is centrally located and generally accessible to all citizens. This building is also accessible to persons with disabilities. Hearings may, however, at the option of the City, be held at an alternate location to be specified in the public hearing notice(s).

### 5.2 Application Public Hearing

At least one public hearing shall be held during any CDBG program fiscal year prior to the submission of an application to the HUD for CDBG assistance. The primary purposes of the public hearing shall be to assess community needs and problems in an effort to determine the most critical needs to be addressed by the CDBG program; and also to present for public comment and review the program activities which have been selected by the City to resolve the identified needs.

An application public hearing will be held during the initial stage of program development to discuss items regarding community development and housing needs, the CDBG program, and the application process. The objective of citizen participation at this stage is to provide meaningful, community-wide citizen input into the decision-

making process during the assessment of community needs and the consideration of priorities and options associated with the development and submission of a CDBG application. Local officials will also entertain proposals and comments from citizens concerning community development activities at this hearing.

This hearing will normally serve to discuss and review the information appropriate for all applications submitted by the City during any fiscal year. Substantial changes in community development or housing needs in the community as determined by local officials may necessitate another hearing to fulfill the role of the first public hearing prior to the submission of other CDBG applications late in the fiscal year.

Citizens will be provided with information concerning the CDBG program at this public hearing. Such information shall include, but not necessarily be limited to: the goals and objectives of the CDBG program; the total amount of CDBG funds available; the role of citizens in program planning, implementation, and assessment; the range of activities which may be undertaken; the process to be followed in developing a CDBG application; the application timetable(s); the application rating process; and the schedule of meetings and hearings.

The City of Sherman may, at the option of local officials, review multiple CDBG project applications at one hearing when more than one application is to be submitted during the same fiscal year. Each such hearing shall be held prior to, and in preparation for, the application's approval by the City Council.

A second objective of citizen participation during this stage is to inform citizens of the proposed project activities to be included in a CDBG application(s) and to solicit comments from citizens concerning these activities.

Citizens attending this hearing will be provided with information concerning the CDBG project(s) proposed including, but not necessarily limited to: the project application(s) to be submitted and the applicable CDBG fund; specific project activities to be included; the location of the project activities; the approximate cost estimate for the proposed activities; the estimate of local match required; the impact of the project on low and moderate income persons; and, the approximate application submittal date.

### 5.3 Amendment Public Hearings

The City of Sherman will assure the opportunity for citizen participation during the implementation of any CDBG program(s) when changes to the project are under consideration by the City of Sherman. Citizen participation shall be obtained and considered in any amendments to a CDBG program which involves changes in dollar amount spent on any activity, changes in program beneficiaries, changes in the location of approved activities, addition to or deletion of project activities, and major budget shifts between approved activities.

To ensure adequate opportunity for citizen participation during CDBG programs, the City of Sherman shall hold a public hearing on all formal amendments which require the HUD approval. For “local” amendments (as defined by the HUD) and changes for which the HUD approval is not required, input from citizens concerning changes or amendments will be received at regularly scheduled City Council meetings where such changes or amendments are considered.

#### 5.4 Assessment of Performance Public Hearings

Citizens of the City of Sherman will be provided with the opportunity to comment on the performance of local officials, the City staff, consultants, engineers, and contractors, and the actual use of CDBG funds during the implementation of a CDBG program. Citizens will also be requested to assess the performance of the City of Sherman in resolving identified community development and housing needs, and in achieving its community development goals and objectives. On-going community assessment of the effectiveness of the community development process is considered essential to the success of the CDBG program.

At the conclusion of each CDBG project, a public hearing will be held to review program activities and to assess program performance. This hearing shall be held prior to the submission of the Performance Assessment Report and any other required closeout documents to the ADECA for a CDBG project. This hearing will be used to ensure community-wide participation in the evaluation of the CDBG program.

#### 5.5 Additional Hearings

Other public hearings may be held as deemed necessary by the City Council in order to inform citizens of community development project(s) and activities, and to solicit citizen opinions and comments. All additional hearings shall comply with the requirements set forth in this Plan.

#### 5.6 Limited English Proficiency Residents

The City of Sherman may waive hearing notice requirements in cases where unusual circumstances justify alternative means of notifying the general public. In such situations, shorter notice may be given, and public notices posted in public places may be used in place of a notice published in the newspaper. Each notice of a hearing shall include the time, date, place, and topics and procedures to be discussed.
