You’ve probably heard of the [#9pmRoutine](#), but here in Sherman we are doing it a little different. We are encouraging everyone to do the [#903SafetyCheck](#). We are sending out reminders on Facebook at 9:03 pm for everyone to remove valuables from cars, lock doors, shut garages and turn on exterior lights. Hopefully the reminders will help curb these very preventable burglaries. Let’s stop making it so EASY for the burglars by keeping our belongings exactly where they should be. [#903SafetyCheck](#)

Thank you - Thank you

In the midst of this global pandemic and national civil unrest, we have seen the citizens of the City of Sherman rally and show support for their law enforcement. The outpouring of their generosity has not gone unnoticed by each and everyone here at the police department. We are thankful and proud to serve.
